In the
rocky mountains
towering over
the North-
western parts
of the Arado
plains lies the
city of Tchlura.

Perba is
loved and
drank by
many
adventurers
because of
its taste
and cheap
price.

It's
known for
producing a
fruit called Perba
and brewing
an alcohol from
it called Perba.

But what really drew people to this city are the ancient ruins which were discovered last year.

Expectations like "deep inside there might be even more valuable treasures just waiting to be found" spread.

And the number of adventurers arriving at the ruins grew daily.

Because one of the explorers returned with valuable weapons and spell books, it was rumored that "maybe the ancient ruins were from an era with a magical kingdom", and almost instantly caught a lot of attention.
